Two Notice of Intent applications were received for work under the jurisdiction of the Massachusetts Wetlands Protection Act (Chapter 131, Section 40 of the General Laws of the Commonwealth of Massachusetts) have been filed with the Commission by:

1) Civil Site Engineering on behalf of Mr. Brian Burt for a project located at 31 Rogerson Crossing, Uxbridge, Assessor's Map 12B, Parcel 3821. The proposed project includes the construction of a 14' x 5' three season addition and expansion of an existing deck. The improvements include the installation of six sonna tubes for support columns. Also, included in the project are landscape improvements and upgrades to an existing driveway. The existing house abuts a small pond and vegetated wetlands. The house improvements are within the 100' buffer zone and just outside of the outer 200' Riverfront of the Mumford River.

2) Andrews Survey & Engineering, Inc. on behalf of the Mumford River Condominium Trust for a project located at 104 Hartford Avenue East, Uxbridge, Assessor's Map 12A, Parcel 1474. The public meetings will be held on November 5, 2012 at 7:00 pm at the Uxbridge Town Hall, 21 South Main Street, Uxbridge, MA. Plans and specifications for these projects may be reviewed at the Conservation Office during regular business hours.
